There is shortage of manpower in the Labour Welfare Organization in all the nine regions in the field as well as at the Headquarter. The medical officers are posted by the Ministry of Health and Family Welfare. Since the dispensaries are located in an interior and secluded places, the medical officers are reluctant to join at such places. As such large number of posts of medical officers are lying vacant. At times, the funds are allocated for various welfare schemes are not adequate.

(3) Tracking and measurement mechanism:-

Monitoring and evaluation.

The implementation of the RSBY is being electronically monitored on day to day basis. Besides, Regional Workshops are held to review the implementation of the scheme in different States as well as sharing of experience. The scheme is being concurrently evaluated by independent agencies. State Governments have also been advised to conduct evaluation studies.
